Dear Mr. Humphrey:

Between June 26 and July 3, 2023, the Transportation Security Administration (TSA) conducted an inspection of the Bozeman-Yellowstone International Airport (BZN) located at 850 Gallatin Field Road, Belgrade, MT 59714. This inspection focused on Title 49 CFR Part 1542 Regulations, the Airport Security Program (ASP) and all applicable Security Directives.

You were my primary contact for this inspection. I would like to acknowledge and thank you and the many other airport employees for their cooperation and willingness to take the time to answer questions and provide me with necessary information and documentation.

All inspected areas were in compliance with no violations found. Your positive attitude and compliance with security measures are important steps in ensuring safeguards are taken against terrorism and threats to civil aviation. TSA appreciates your effort and commitment to guard against threats to the aviation industry.
